

### Sichuan University 2023 International Student “Belt and Road” Scholarship Undergraduate Program Majors

#### INTERNATIONAL BUSINESS MANAGEMENT

The program aims to train modern business management professionals with international competitiveness who recognize the Chinese culture. The program will equip students with the basics of humanities & social sciences, expertise of business management, sound knowledge on the science of management, economics, calculus, and statistics. Students will learn the application and development of business analysis with necessary writing ability and verbal communication skills to tackle challenges of all kinds on business management. Instruction language of the program: English; tuition: 15,000 yuan/year; duration: four years.

#### SOFTWARE ENGINEERING

SCU School of Software Engineering was awarded “Special Contribution Award as an English-teaching Major” in 2018. In 2021, Exploration and Practice of International Professional Training Via the English-teaching Soft Engineering Program was awarded first prize as SCU’s major achievement in teaching. The program trains professional and social elites with sound knowledge of the Chinese culture, proficient software engineering knowledge, strong sense and capacity of innovation in information technology, and broad global perspective on information technology. Students will learn independent thinking, innovation and entrepreneurship, teamwork and social responsibility. Instruction language of the program: English; tuition: 15,000 yuan/year; duration: four years.

#### TOURISM MANAGEMENT

English-teaching Tourism Management recruit students from the “Belt and Road” countries and other partner countries to train students with sound knowledge of the Chinese culture and broad global perspectives. Students will be trained as professionals in tourism and hotel management with expertise and professional ethics. The program invites world famous tourism scholars and industry experts to open short-term courses and lectures. World famous tourism management professors and executives managing international five-star brand hotels will also be invited. The program also offers Chinese culture courses for students to immerse in the Chinese traditional culture including martial art, calligraphy, Chinese painting, tea art, poetry, etc. Instruction language of the program: English; tuition: 15,000 yuan/year; duration: four years.

#### CIVIL ENGINEERING

The program is an advantageous major in engineering and trains students the basic theories, expertise and engineering skills to become civil engineers adapted to economic globalization. Students will learn mathematics, physics and chemistry, and the application and development of modern natural science; core knowledge of civil engineering; access to information and workflow data via different facilities; and practical engineering design, construction and management to solve problems using the principles of civil engineering. Upon graduation, students have a wide selection of employment in civil engineering, including design, construction and project management, design, research, construction, education, management or investment in construction, transportation, bridge, tunnel and mine construction companies or government departments. Instruction language of the program: English; tuition: 15,000 yuan/year; duration: four years.

#### CHINESE LANGUAGE

The program trains high-quality and universal Chinese language professional with sound communication skill in Chinese, strong adaptation capacity to the international community, and profound Chinese culture as envoys promoting friendly cooperation between China and their home countries. Courses of the program include: Chinese language and skills courses; China’s national condition and culture courses; Chinese language practice courses, etc. Faculty of the program have experiences of Chinese language teaching in different countries for a long time. Famous global scholars and industry experts will also be invite to open short-term courses and lectures. The program offer immersive Chinese language learning environment for students to both understand the profound history and traditional culture of China, and to experience the development and achievement of modern China. They will have a taste of the distinctive local culture in Sichuan. Instruction language of the program: Chinese; tuition: 17,500 yuan/year; duration: four years.

### Sichuan University 2023 International Student “Belt and Road” Scholarship Master’s and PhD Program

Schools and major at SCU with the qualification to grant PhD and Master’s degrees and with the capacity to recruit and train students can recruit overseas students with varied duration of 2-6 years.

#### Date of Application and Enrollment

Date of application: March 15-May 30, 2023

Date of enrollment: September, 2023

#### Sichuan University “Belt and Road” Scholarship

Sichuan University “Belt and Road” Scholarship is granted to students of the “Belt and Road” countries and countries along the route of the 21<sup>st</sup> century maritime silk road. The scholarship offers students not only the degree program but also opportunities to experience the splendid Chinese culture to promote cooperation, inclusiveness, and mutual understanding between China and their home countries. We welcome students of the “Belt and Road” countries to apply for the scholarship. Enrollment will be merit-based.

Majors offering the scholarship

Undergraduate program: 20,000 yuan/year (Software Engineering, Tourism Management, Civil Engineering, International Business Management and Chinese Language)

Master’s program: full scholarship (all majors)

PhD program: full scholarship (all majors)

## Outstanding Reputation

**Nature Index** (global high-quality research output) Institution Ranking  
**33<sup>rd</sup>** globally  
**11<sup>th</sup>** in Chinese mainland  
 (November 1, 2020-October 31, 2021)

2022 Academic Ranking of World Universities (ARWU)  
**119<sup>th</sup>** worldwide

Wu Shulian Chinese University Ranking  
**9<sup>th</sup>** in Chinese mainland

Founded in 1896  
 Located in Chengdu, the land of abundance and a hub of science, culture, business, trade, and transportation in western China  
 Profound History and Excellent Reputation  
 A Key University Directly under MOE  
 A High-level, Research-intensive, and Comprehensive University in Western China  
 A University Included in the National Double First-class Initiative

## First-class Faculties

**23** Academicians of the Chinese Academy of Sciences and the Chinese Academy of Engineering  
 (11 of them are employed on a part-time basis)

**9** SCU Outstanding Professors

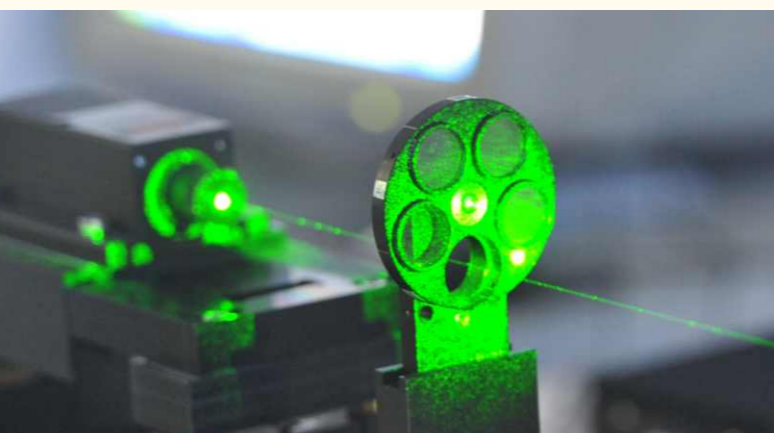

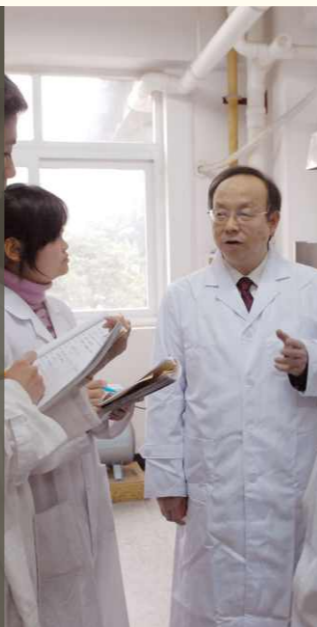

**69** Winners of the National Science Fund for Distinguished Young Scholars

**76** Winners of the National Excellent Young Scientist Fund

**7** Chief Scientists in 973 Program

**15** National Prominent Teachers

(as of January 2023)

## First-class Research

- In the recent four years, SCU won 10 awards from the three prominent science and technology awards of China as a leading university (State Natural Science Award, State Technological innovation Award, State Science and Technology Advancement Award).
- In 2022, the research fund of SCU reached 3.52 billion yuan.
- In terms of humanities and social sciences, Sichuan University compiled and published influential publications such as Dictionary for Inscriptions on Bones or Tortoise Shells, Chinese Character Dictionary, Literature of Song Dynasty, History of Chinese Daoism, Confucian Canon, etc.

## Discipline

SCU boasts 12 discipline categories, including 49 first-level disciplines granting doctoral degree, 38 programs granting professional degree, and 39 post-doctoral research centers.

### Global Ranking of Academic Subjects by ShanghaiRanking (2022)

35 subjects listed  
 Four Global Top 15 Subjects  
 Six Global Top 50 Subjects  
 Eleven Global Top 100 Subjects

### ESI (Essential Science Indicators) Ranking in 2022

**178<sup>th</sup>** Worldwide and **11<sup>th</sup>** in Chinese Mainland  
**19** research fields of SCU enter the world's top 1%, ranking **9<sup>th</sup>** among Chinese universities included in the National Double First-class Initiative.  
 Chemistry, Clinical Medicine, Material Science, Pharmacology and Toxicology, and Engineering enter the world's top 1%, ranking 10th among Chinese universities included in the National Double First-class Initiative.

### Six disciplines were included in the MOE Program to develop world's first-class disciplines:

Mathematics, Chemistry, Material Science and Engineering, Basic Medicine, Stomatology, and Nursing

## Chinese-Foreign Cooperation in Education

### Sichuan University-Pittsburgh Institute

Sichuan University-Pittsburgh Institute (SCUPI) is a school jointly run by Sichuan University and the University of Pittsburgh, US. SCUPI offers five undergraduate programs: Industrial Engineering, Mechanical Design Manufacturing and Automation, Material Science and Engineering, Computer Science and Technology, and Electronic and Information Engineering. SCUPI is committed to cultivating innovative engineers and elites with a global vision, solid knowledge, and the capability to excel in international competition.

### Sino-German Cooperative Program

Sino-German Electrical Engineering and Automation is a joint program between Sichuan University and Clausthal University of Technology, Germany. Graduates of the Program can acquire one bachelor's degree from Sichuan University and one from Clausthal University of Technology, respectively.

## Educational Opening-up

SCU delivers high-end and international education. It established exchange and cooperative ties with 268 prestigious universities and research institutes in 34 countries and regions to explore a new model for the cultivation of first-class talents.

### Going Global: Inter-University or Summer Exchange Programs

In 2018, Sichuan University launched "ChuanDa Global Focus" Study Abroad Program. Tens of millions of investments have been spent in funding students for short-term visits, cultural exchanges, course studies, international conferences at overseas first-class universities and internships at overseas enterprises. Approximately 300 SCU students study abroad with a sponsorship each year.

### Bringing in: University Immersion Program

University Immersion Program (UIP) is one of the largest international engagement programs in China. In the recent eight years, 725 foreign teachers have been invited to SCU through UIP. A total of 874 courses taught in English have been delivered, benefiting 67,735 undergraduates. UIP pools together premium teaching resources from across the globe, helping SCU students get access to world masters' lectures in person at home.

## Student

There are 64,000+ full-time students at Sichuan University, including 37,000+ undergraduates, 27,000+ master's and doctoral degree candidates, and nearly 2,300 international students.

### Inter-University Program, Joint Program, and Summer Exchange Program (non-exhaustive)

- Semester Exchange Program with University of Notre Dame, US
- 3+2 Dual Degree Program with University of Birmingham, UK
- 3+2 or 3+1+1 Combined Bachelor's/Master's Degree Program with Queen Mary University of London, UK
- 3+1, 3+2, or 4+1 Joint Program with University of Nottingham, UK
- 2+1+1 Undergraduate Exchange Program with Newcastle University, UK
- 3+x Program with Michigan State University, US
- 3+2 Program with Arizona State University, US
- Summer Program for Joint Cultivation of Innovative Talents, University of California, Los Angeles, US
- 3+2 Program with University of Ottawa, Canada
- 2+2 Dual Degree Program with University of Prince Edward Island, Canada
- 3+2 Combined Bachelor's/Master's Degree Program with University of Connecticut, US
- 3+2 Joint Program with Kent State University, US
- 3+2 Joint Program with Waseda University, Japan
- 3.5+0.5+1 Joint Program with National University of Singapore

## SCU Students' Society

Students' societies at SCU cover a wide-ranging scope, including academic learning, science, culture, sports, thinking, politics, self-discipline, mutual assistance, volunteering, public welfare, innovation, and entrepreneuring. Taking the Students' Society Festival as a platform, societies organize activities of all sorts in a robust, uplifting, and elegant manner to enrich students' after-class life and campus culture. SCU students are growing to be a whole person with equally satisfactory achievements in morality, intelligence, sports, arts, and labor.
